## SHOOTS DRUG STORE CASHIER

Buffalo Girl Fatally Wounded  
by Unknown Man.

(Special to The Herald)  
Buffalo, N. Y., May 27.—An unknown man about 23 years of age, today shot and probably fatally wounded Miss Dorothy Prefert, cashier in a drug store. The man drove up to the store in an auto about 7 a. m. He asked a clerk for a dish of ice cream and was served. When paying his check he spoke to Miss Prefert. She did not respond readily and the man departed. Three hours later he returned, Miss Prefert not wishing to be further annoyed went to the rear of the store. Clerks requiring change called to her and she walked to her desk. The man approached and told her he wanted her. She started to walk away and he pulled a revolver and shot her in the abdomen. The man then ran away from the store, jumped into the auto and drove away.

## CHURCH PEOPLE WANT TO LEASE THE OLD ARMORY

Scientists Would Take the  
Building on Lease From  
City Council.

The First Church of Christ Scientist is desirous of looking for a new place of worship and that a petition will be placed in the hands of the city council for a lease of the former state armory on Court street. All present the building brings no revenue to the city and is only used as a voting place for the voters of ward 2 on election days.

## WILL FLAG VETERANS' GRAVES SUNDAY

The members of Storer Post, No. 1, G. A. R., will flag all graves of veterans of the Civil war in all of the local cemeteries on Sunday afternoon from 2 to 5 o'clock. If relatives or persons interested in such graves will be present in self or proxy to locate the graves, it will greatly aid the post in their work. It is the intention of the G. A. R. that no veteran's grave be omitted.

There are yet many more evergreen wreaths to be made and all persons who can, are urged to volunteer their services at the Court House this evening.

## TO PROSECUTE "CHARITY" BEGGARS

Kittery Authorities to Enforce  
the Law Against These  
Grafters.

The Kittery authorities have decided that the provisions of the Cole bill, an act to lessen frauds in the name of charity will be strictly enforced in that town.

This act, which is chapter 9 of the Public Laws of 1915, provides that it shall be unlawful for any person, firm, corporation or association to solicit funds for charitable or benevolent purposes outside of the municipality where such person resides, or where such firm etc., has its place of business, without having in full force a written license from the Maine State Board of Charities and Corrections, with reference to Chapter 196 of the laws of 1913.

The penalty for the violation of this law is a fine of not more than \$500 or imprisonment for not more than six months.

This bill will forever put a stop to the heretofore constant nuisance of all sorts of petty fake schemes and private graft that have been an imposition on the communities of the state.

This bill was due to the good work of Senator Aaron B. Cole of Kittery at the last session, and is one of the best pieces of legislation enacted in years for the protection of the public and puts the matter of oversight of legitimate benevolences of this character just where it should be, under the state board.

Anyone found soliciting in Kittery without the proper approval of the board should be locked up by any one from whom such contributions are solicited, who should turn such persons over either to Deputy Sheriff James K. Boardman, or Special Officers Frank E. Donnell or Raymond W. Packard or other officers until a warrant can be secured and the case brought to hearing.

Senator Cole went over the matter Friday evening with Judge Shaw and explained the whole matter of state charities in the most interesting and enlightening way. It is hoped that Senator Cole will be able to lecture on this subject sometime in town, for it would be a helpful and profitable talk. The matter is a very broad one and Senator Cole is one of the best informed men on this question.

The public is urged not to pay a cent to any of the persons who are not properly authorized to solicit by the state board. Any persons so soliciting should be asked if such license be granted them, and if the license cannot be shown, the party should be promptly arrested, or the officers notified.

## THOUSANDS MARCH IN PREPAREDNESS PARADE

Greatest Demonstration in History of Boston  
Lasts Ten Hours, Starting at One and  
Ending at Eleven O'clock

(Special to The Herald)

Boston, May 27.—Preparedness was the inspiring tune to which thousands upon thousands of men and women marched through the streets of Boston today in the greatest citizen's demonstration in the history of New England. Led by Governor Samuel W. McCall mounted upon a magnificent steed, and escorted by his staff in full dress uniform, the great Preparedness parade started promptly at 1 o'clock this afternoon and before 9 o'clock tonight over one hundred thousand marchers will have passed the reviewing stands and received the plaudits of over one million people passing along the line of march.

It was New England's great demonstration for National Preparedness and was a fitting second to the great preparedness parade held in New York City. The parade was filled with magnificent features. The line of march ran through the downtown streets of the city which were a mass of red, white and blue. No other flags, banners or colors were used in the parade or displayed along the line of march but the national colors of the United States. It was an inspirational theme of patriotism. It was promptly at 12.30 o'clock that the governor and his staff arrived at the Short Shore Drive of the Charles River Embankment and just on the dot of the o'clock Chief Marshal Hutch of the great Preparedness parade gave the signal to start and the marching hosts that took from eight to nine hours to pass a given point were sent on their way. Every train, coming into the city, trolley cars and automobiles, brought thousands upon thousands from all points of New England to witness and applaud the great marching spectacle. Over one hundred bands of music played for the marchers as they wended their way through the city streets. While the National Guard of the State or other purely military organizations did not appear in line there were many semi-military organizations in line to give the parade a clear military aspect. It was purely a citizen's demonstration. To show the widespread character of the demon-

stration the appearance of seventeen mayors of Massachusetts cities and two from New Hampshire made an interesting fact. The women's division had more than 2,000 marchers. There were six hundred members of the Special Aid for Preparedness Society, all dressed in dark suits with small white hats, white gloves and carrying American flags; four hundred nurses representing all the leading hospitals of the state; two members of the Daughters of Veterans; two hundred girls from the Sargent School; one hundred members of the Women's Relief Corps; two members of the United Spanish War Veterans Auxiliary, and fifty members of the Patriotic Dames of America. There were a score or more of magnificently decorated floats, all taking Preparedness and National Patriotism as their themes. The great cosmopolitan make-up of the parade was impressive. The various divisions were made up of members of congress, Governor's Council, Members of the Legislature, Military Order of the Loyal Legion, Harvard Regiment, Bar and Judiciary, Clergy, State House Employees, Wool Trade Workers, U. S. Treasury Department Employees, U. S. Railway Mail Employees,

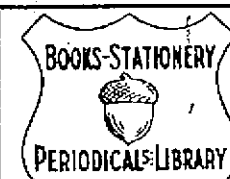

Mayor's Club, Boston City Departments, Boston Press Club, National Security League, Special Aid Society for American Preparedness, M. I. T. Regiment and other military organizations, Plattsburg Seniors and Juniors, New England Telephone and Telegraph Company Employees, Boston City Club, Boston Board of Underwriters, Automobile Industry, Engineers' Club, Bank Officers' Association of Boston, General Electric Company of Lynn, Commission Dry Goods Employees, and scores more, making forty distinct divisions in all.

"THE ACORN" Lending Library of which we spoke on Wednesday is, in its new location, better fitted to supply good fiction than ever before. Nearly seventy-five new titles of Spring Fiction have been added to the library during the past few weeks, and we have ordered nearly as many more which will be added as fast as they are published. These books are selected with utmost care, and with the purpose of aiding the varied tastes and needs of the library's patrons.

Our Engraving Department is also better fitted to meet the needs of our patrons. Accuracy of detail, quality of workmanship, of stock also, and promptness of delivery, together with the lowest price for thoroughly first-class work, are the unflinching rule of "THE ACORN."

## EQUIPMENT TO BE SENT HERE

Valuable Machine Tools at  
Pensacola Yard Coming to  
Local Navy Yard.

For several months the Industrial Department of the Portsmouth navy yard has been impressing on the department at Washington the necessity of better machine tool equipment here and the government has at last granted the request of the industrial manager. All the machine tools at Pensacola yard have been ordered sent to Portsmouth for the shops. These tools have never been used and were sent to Pensacola when the yard there was re-opened. The government later made the Pensacola yard a service station for ships and the tools were not needed.

In addition to this, the Portsmouth yard has been allowed the sum of \$10,000 by the bureau of steam engineering for the purchase of tools.

The whole thing is a very valuable asset to the yard and will enable the mechanical force to accomplish better and quicker work on ships.

# KNIGHTS OF COLUMBUS DOWN THE CHAMPIONS

Win One of the Fastest Games Of the Season by  
2 to 0 Score With a Lot of Sensational Base-  
ball for One Game

It was a game to make you sit up and pay attention for it had a big number of fast, sensational plays, practically all of the completed plays requiring record speed to make the put-outs and in the course of action very few of the plays were of the easy variety. One of the circus catches were contributed by Gowen of the P. A. C.

Gowen climbed high for Kelly's liner.

when he climbed three feet into the air for Kelly's line drive in the second inning, retting the man. Had he missed the catch the ball was headed for the flag pole. Instead of a homer the best Kelly gets for his husky climb is credit for a sacrifice fly. It was a clear case of robbery but well worth looking at. The game was taken by the Knights from the Champions by a score of 2 to 0.

Wilkinson was shifted from second to third by Manager O'Brien of the Knights team and was strange in the position, missing a couple of chances. Sarotta, who was shifted to second, played a funny game and was obliged several times to hustle in order to complete his play after fumbling the ball. He got away with only one error and his playing added considerable inter-

est to the game. Jack Bailey, the game catcher for the Knights of Columbus, is fast gaining a rep as a fence buster, and his clout to right for three bases in the second inning started things moving. On his second time up in the following inning he belted out another hot drive through the in-field. Ralph Brackett's well known throwing ability prevented any base stealing on the part of the Knights and all he had to do was to pull his arm back and the base-runners scurried for cover. Bill Brackett played his usual hard game at short, covering more territory than any man should be expected to and although he was credited with an error he made a stop of Paul Bailey's drive that would have gone for extra bases had he not chased over in front of second base to make the play.

The P. A. C. lost the game through their inability to hit Dillon, the hot striking line ball all the way through the game. Bill Leary had one bad in-

Ralph Brackett's whip held the men on their bases.

ning when he lost control in the third, passing a man with the bases full. It

was one of the games to be remembered as "some" game and by winning it the Knights climb into the tie for second place in the league race.

**The Game.**  
1st Inning.—Davidson was fanned. Bill Brackett walked and stole second. Bill Leary fanned. Linskey fouled out to Wilkinson. No hits, no errors, no runs.

2d Inning.—Howard was thrown out at first on his hit, Jack to Paul Bailey. Sarotta fumbled George Leary's grounder and he was safe at first, but was forced at second on Gowen's grounder. Sarotta to Moshier. C. Brackett hit through Wilkinson and

Bailey belted the pill into right for three bases.

was safe, Gowen going third on the error. Brackett stealing second. Woods grounded out. Sarotta to P. Bailey. No hits, two errors, no runs.

Jack Bailey tried to bust the play-house with his belt to right and landed safe on third before the ball was thrown back to the in-field. Dillon walked. Kelly drove a liner to center and Gowen made a circus catch of the ball, going three feet into the air for it. Bailey scored from third on the fly. Moshier was passed. Sarotta forced Dillon at third. W. Brackett to C. Brackett. Dowd walked, hitting the bases. Wilkinson was fanned. One hit, no errors, one run.

3d Inning.—Ralph Brackett out at first. Moshier to P. Bailey. Bill Brackett and Bill Leary were both retired on grounders. Sarotta to P. Bailey. No hits, no errors, no runs.

Bill Brackett made his first error, losing Paul Bailey's hard-hit grounder and the batter was safe. O'Brien forced him at second. Bill Brackett to

## LIVE SPORTING TALK

### Game at Fort Constitution

On Sunday afternoon Fort Constitution will meet the Independents in a nine inning game at the grounds at New Castle. The Fort team this year appears to be one of their best and a good exhibition is looked for.

### Sailor Wrestler Looking for Matches

Sailor Hood of the U. S. S. Washington is out with a challenge to meet some of the fast New England welter-weight wrestlers and is asking for matches at catch-as-catch-can bouts. His manager, N. Nathanson, U. S. S. Washington, will be glad to hear from some of the best boys in the game.

### Boxing Show on June 5.

The Rockingham A. C. management has arranged another good card for Monday evening, June 5, in Freeman's Hall and the fans are expected to jam the place. Eddie Flynn has been secured and will meet Cy Goodwin of Boston in the main bout. For the semi-final Joe Morgan, of Manchester is matched against Young Comber of the U. S. S. Southern and Young Chaalas of Manchester will go against Young Masters of the San Francisco in the prelin.

The chase of bouts that the Rockingham A. C. is staging at present looks about as good as any of the other New England Clubs are arranging and a lot better than most of them. Portsmouth will support the game just as long as the game is worth supporting and this looks good.

Jack and Paul Bailey appear to be coming through on time with the stick work lately and if they keep up this practice of their hitting out a couple of long hits every game they get in to it will not be long before the pitchers realize that in these two claps they have a couple of men to be reckoned with.

### George Leary, Leary coming close to completing a double play.

Jack Bailey singled just second. Dillon singled to left on a line drive just third. With the bases full Leary passed Kelly, forcing in a run, O'Brien tallying. Moshier was out on strikes. Sarotta forced Kelly at second. W. Brackett to G. Leary. Two hits, one error, one run.

4th Inning.—Linskey filed out to Dowd in right. Howard popped to Sarotta. George Leary was safe on Wilkinson's bad throw to first. Gowen made the only hit off Dillon, driving a hard liner between third and short. C. Brackett was fanned. One hit, one error, no runs.

Dowd was fanned. Wilkinson retired at first. Bill Brackett to Howard on a fast play. P. Bailey singled to center. O'Brien was safe on G. Leary's fumble of his grounder. J. Bailey grounded out to Howard. One hit, one error, no runs.

5th Inning.—Shuttleworth, batting for Bill Woods, filed out to Moshier. Dillon fanned Ralph and Bill Brackett, ending the game. The score:

Woods has pulled this team together in good style and the team which defeats them will have to travel, but as the best of them must lose some games during the season, they haven't annexed the pennant as yet. Monday's game will not affect the standing of the leaders as the Y. M. C. A. and the U. S. M. C. are the sixth and seventh teams in the standing. But Wednesday's game will have some effect as the Morley Batten Co. and the Coal Company meet. Should the G. C. C. defeat the Batten shop team they will remain at the head of the list with a perfect record and the M. J. C. will drop back of the Knights of Columbus. On the other hand the defeat of the G. C. C. means that they will fall down to the middle position with a percentage of 500 and the Morley team takes the lead with .775. Next week's games should result in some important changes.

The P. A. C. team is playing good baseball in all but one department; they are weak with the bat. This may be overcome before the season is much further advanced and by the middle of June a lot of people who follow the games are expecting to see the Champions pretty near the top of the pile. Howard, Bill Woods, Bill and Ralph Brackett and Tommie Linskey are not hitting near where they did last year but the season is young. Gowen shows promise and when the others get back their batting eyes look out for the team, because they sure can travel when they get started.

### Some Changes Expected in Sunset League Standing

By winning last evening's game from the P. A. C. the Knights of Columbus have broken into the tie for second place and that isn't very far from the top of the list. All of the teams are going pretty strong and the honor place is being held at present by the Consolidation Coal Company. Walter

## Every Home in Portsmouth Should Display the American Flag on Decoration Day and Other Patriotic Holidays

Realizing this we have arranged with the largest flag manufacturing concerns in the United States for a limited number of flags which will be furnished to our readers at a cost barely sufficient to cover the expense of distribution.  
Cotton hunting, sewed stripes, double stitched, double hem; canvas heading; strong grommets; 4 feet wide by 5 feet long; guaranteed fast colors to sun and rain. These flags are especially well made and will last indefinitely.

We want every reader and every friend of readers of this paper to have one of these flags. All you have to do, clip six consecutive coupons found in the paper each day and present them at the Herald Office with 55 cents and the flag is yours. Ten cents extra for mailing if not called for.

**SAVE THIS COUPON NO. 16**  
Present Six (6) of these coupons consecutively numbered at the office of The Herald with Fifty-Five (55) Cents cash and get this beautiful flag, size 4 ft. by 6 ft. with sewed stripes, guaranteed fast colors.

# NOW PLAN TO CRUSH TURKS AND BULGARS

Rome, May 26.—A terrific smash within a few weeks, aimed at eliminating the Turks and Bulgars from the war will be the allies' first great stroke for peace.

This is the report in general circulation here today. Heavy allied blows from Salonica and in Mesopotamia will be followed by a tremendous offensive against the Austro-Germans in an attempt to win the war before winter. French, English, Serbian and Italian forces are reported concentrated at Salonica, awaiting the word to strike against the Bulgars and Germans in southern Serbia. Meanwhile the Russians are pressing on toward Bagdad, rolling back the Turks, who are reported to be extremely weary of the war.

The public continues to watch with confidence the official statements regarding the situation on the Trentino front. It is now reported that the first Italian reverses were due to a shortage of heavy cannon to cope with the big Austrian guns. The French are said to have come to the rescue with artillery. Italians Driven from Strong Fortified Positions at Chiasso.

Vienno, May 26.—Austrian troops have stormed and captured the strongly fortified Italian positions at Chiasso, 21 miles northwest of Vienna, after a three days' battle, it was officially announced today.

The Austrian victory drives a wedge in the Italian front and will force the Italian left wing, in the Adige valley to fall back more than five miles upon the town of Ala. At the same time it increases the heavy pressure on the whole Italian line of fortifications from Panslo to the Arzler forts.

The Chiasso positions, barring the Austrian advance down the Vallarso valley, were captured by the Austrian right wing. The Austrians attacked with great spirit after artillery had partly wrecked the enemy works and drove the Italians down the river, capturing 10 guns.

Italian positions on Cont Zugna, rising more than a mile above the sea, and captured at heavy cost early in the war, become practically untenable because of the Austrian victory.

The Austrian left wing, which drove the Italians out of Borgo, made further substantial progress in yesterday's fighting.

"Our forces occupied the Cima Costa crossed the Maso rivulet, and entered

Strigno, four miles east of Borgo," said the official statement. We also captured the Corno di Campo Verd, 13 miles southeast of Borgo.

Rome Not Disturbed by Retreat at Weak Points.

Rome, via Paris, May 26.—The retreat of the Italians on a portion of the Trentino front has not caused any pessimism in official circles here. It is pointed out that the entire line of battle is 100 miles long and that there should be no surprise that there should be withdrawals at some points, under over-whelming pressure.

The fact that the Austrians now hold a small mountainous section of Italian territory is considered of small importance when compared with the 15-fold greater territory occupied by the Italians in Austria. It is also contended that if the enemy continues to advance the conditions which have favored him hitherto will be reversed, as the farther he gets from his base of operations the more difficult it will be to supply ammunition for his heavy artillery.

On the other hand, the Italians will enjoy the advantage of having good roads, four main railways and inexhaustible reserves available at their immediate rear.

These considerations are independent of the natural obstacles which make the Austro-Italian front so different from that at Verdun. An official statement has been issued explaining that it is impossible to limit the war to trench fighting in a region like the Trentino, where large masses of troops can be easily transferred from one point to another without weakening any section of the front.

A large number of refugees from Avolera Aslago and neighboring villages have arrived at Milan, where they are being cared for in charitable institutions. The evacuation of their hostile towns was ordered by the Italian military authorities when the great Austrian offensive started.

Greek Owners Angered at Torpedoing of Ships.

Athens, via Paris, May 26.—The application throughout Greece caused by the news that Teutonic submarines had torpedoed three Greek vessels continues to grow. Resolutions have been passed by the League of Ship Owners and the Sailors' Labor Union demanding that the government take action to stop attacks on Greek merchant ships.

The ship owners' league has decided to bring a legal action in an effort to obtain the seizure of the Austro-German vessels interned in Greek ports unless the central powers indemnify the owners of the torpedoed Greek merchantmen.

French Repulse Meuse Attack.

Paris, May 26.—French troops repulsed violent German attacks on the west bank of the Meuse, northwest of Verdun, in last night's fighting and made gains on the east bank, the war office announced today.

By a smashing counter-attack, the French recaptured the trench lost yesterday near Thiaumont farm, east of the Meuse. Near the farm the French advanced by a grenade attack.

West of the river the Germans continued to take the whole French front, especially around Dead Man's Hill and near Avocourt, with the most violent fire. The Germans attempted an infantry attack which was cut short by a curtain fire from the French guns.

For 36 hours there has been no cessation in the cannonading around Hill 304 and Avocourt. The German artillery attack here is believed to be the prelude to an attempt to storm Hill 304 and capture the Avocourt positions, bringing the Germans closer to the St. Menchould railway, leading eastward to Verdun.

Further gains by the Germans on both banks of the Meuse has aroused the French capital to the seriousness of the situation at Verdun. No anxiety is felt here. Even should the French be forced eventually to evacuate the fortress because of continued advance of the crown prince's right wing, there would be no alarm in Paris. But it is realized that the Germans this week have concentrated their forces in the heaviest stroke yet delivered against the citadel.

So terrific has been the infantry struggle waged on all sections of Verdun this week that it is impossible to make accurate estimates of the losses. How many uncounted dead and wounded lie on the slopes of Dead Man's Hill and in the gullies and woods near Douaumont fort will not be known until the artillery temporarily ceases belching flame across the battlefield.

Practically all the Paris papers agree that the crown prince is now making his heaviest effort against Verdun, the Echo de Paris pointing out that the battle has developed into a struggle of extraordinary desperation.

"The present phase of the Verdun struggle dwarfs all preceding phases," said the Matin, "in violence, continuity and extent of the battlefield. This is no isolated drive at one set of works, but a pitched battle between the two armies."

### BITTER ATTACK ON U.S. BY MEX. ICAN PRESS.

Mexico City, May 25.—The government newspapers in their editorials to day make savage attacks on the policy of the United States in Latin America which they denounce as imperialistic and hypocritical. Col. Roosevelt is charged with attempting to foment war and the papers assert that President Wilson is unable to cope with this "campaign of the Republican party."

One of the principal administration organs says:  
"The Mexican nation cannot permit itself to be made the tool of Yankee felony or submit to the corruption of

## Theodore Roosevelt the Man of the Hour.

As the day approaches for the Chicago convention the strength of Theodore Roosevelt looms up greater than any candidate that has been mentioned up to date. Mr. Roosevelt may be unpopular with certain men, but there is no denying the fact that he is the most popular American in this country. When a great industrial corporation has big things to do it employs a big man to do them. No man in this United States has had a wider or greater experience than Theodore Roosevelt. There is a big job before this country and it will take a man of tremendous power and ability to guide the ship of state safely and at the same time maintain the dignity and honor of the nation. Whether one likes or dislikes Mr. Roosevelt he must admit that he possesses the ability to do all that will be required of him. At the present time he appears to be the most likely candidate to head a united Republican party.

On Thursday the New York World issued a special limited edition which was delivered by aeroplane express to the president of the United States, members of the Cabinet and House of Representatives. The distance was covered in practically three hours and it is the first newspaper in the United States that has been delivered by aeroplane. A special copy of this paper was also forwarded to the Chronicle. The New York World is always doing big things and what it does it does well. It is a big newspaper, full of patriotism and thoroughly American.

There is room for a little more civilization down in Louisiana, where a state official and a man who aspires to succeed him in his position had a fist fight the other day on the capital lawn. The fight was witnessed by a large crowd, made up chiefly of state legislators, and an employee of the capitol acted as referee. The fighters were summoned to appear in police court, but there ought to be further action in such a case and it should apply to every man who sanctioned the brutal contest.

The price of oysters is going up, not because of any scarcity, but because the Oyster Growers and Dealers Association of North America has discovered that oysters are the only food product that has not risen in value, consequently the association has decided to join the procession and slap 10 per cent on to the price. The change will not be felt for a few months, but will be there just the same when the time comes. And there is a growing suspicion that a great many price increases are due to just such action.

"Uncle" Woodrow Wilson, president of the United States, has finally mustered up courage to write a note to Great Britain and France suggesting that they should stop the seizure of United States mail. This crime has been committed ever since the war commenced. As the election day draws near Mr. Wilson's notes increase as to firmness of tone. By the time of the convention he will, undoubtedly, be a vigorous American.

Many American authors thought they had solved their problem when they organized the Authors' League of America, but they still have their troubles and now the league is talking of affiliating with the American Federation of Labor. If they should ever go on strike what an opening there would be for "scab" writers whose works are so mercilessly "run down" by the publishers.

That this is an age of progress, such as it is, is made apparent by the fact that it was deemed necessary to erect "No Smoking" signs in the headquarters and assembly rooms occupied by the delegates to the biennial convention of the General Federation of Women's Clubs in New York city. This was a meeting of women, and no men were to be present.

The war has made New York the greatest commercial port in the world, its foreign trade in 1915 having been far greater than that of London. But there is liable to be something of a tussle for supremacy after the close of the war.

Federal agents have unearthed a large supply of heroin tablets in the office of a Utica, N. Y., physician who, appearances would indicate, is a firm believer in the law of supply and demand.

Sir Edward Grey asserts that the time is not ripe for peace talk, and the news from the various fronts would indicate that Sir Edward is correct in his diagnosis of the situation.

Four candidates for the presidential nomination have opened headquarters in Chicago. But the real "headquarters" will be designated by a majority of the delegates.

## PROGRESSION B. AND M. PLANS

Committee Advocates Change  
in Name With Capital  
of \$101,595,000.

Boston, May 26.—The reorganization of the Boston and Maine railroad has progressed rapidly in the course of the last few days and it has now reached a position where the tentative plans have been formulated in detail.

Among these is one which deals with the change of the name of the corporation and if approved will in the future be known as the Boston and Maine Railroad company, with a capital stock of \$101,595,000 in first preferred and second preferred and common stock, to take over the present Boston and Maine and all other leased lines which will consent. The subsidiary lines are also included in the transfer.

Under the new plan, stockholders of leased lines would be paid in first preferred stock carrying substantially the same dividends as are now guaranteed. The plan is conditioned upon \$17,062,000 of new cash being provided by sale of this amount of first preferred stock. The new capitalization is distributed as follows:

First preferred:

To Fitchburg, 5 p. c. .... \$18,800,000

To Boston & Lowell, 5 p. c. .... 7,117,500

To Concord & Montreal, 7 p. c. .... 5,917,100

To Connecticut River, 10 p. c. .... 4,243,400

To Lowell & Andover, 10 p. c. .... 93,750

To Lowell & Andover, 5 p. c. .... 501,250

To Manchester & Lawrence, 10 p. c. .... 1,000,000

Kennebunk & Kennebunkport, 4 1/2 p. c. .... 55,000

Hampden railroad, 5 p. c. .... 1,500,000

For cash, 6 p. c. .... 17,062,000

Total ..... \$74,932,000

Second preferred:

6 p. c. for Boston & Maine ..... 3,115,500

5 p. c. for Hampton ..... 1,000,000

Common ..... 39,526,300

Total ..... 101,595,000

The funded debt would be \$92,922,000. To fund the floating debt of the subsidiary companies and for making improvements, the Boston and Maine will issue \$15,000,000 5 per cent bonds.

Kidder Peabody and Company, Lee Higginson and Company and J. P. Morgan and Company have agreed to form a syndicate to underwrite the \$17,062,000 new first preferred stock and to purchase the \$15,000,000 of new bonds.

The first preferred stock shall not be cumulative until after three years. The plan is based on the context of the stockholders of the Boston and Maine, Fitchburg and Boston, and Lowell, but will include all other subsidiaries whose stockholders consent. In the case of non-assenting subsidiaries, the new corporation will not assume Boston and Maine leases, the subsidiaries being allowed to back their properties and to enforce what rights they have against the Boston and Maine.

## CURRENT OPINION

School Curricula Should  
Be Simplified for  
Children.

Formal grammar, ancient languages, theoretical studies in modern languages and the bulk of history and of pure mathematics are subjects which should be removed from the curriculum as useless and cumbersome.

The curriculum would include nothing for which an affirmative case cannot now be made out. Not only do American children as a class fail to gain either knowledge or power through the traditional curriculum—they spend an inordinately long time in failing. An economy of two or three years is urgently necessary.

These studies should be dismissed because their present place in the curriculum rests on tradition and assumption, not because the Greek and Latin literatures, for instance, are less wonderful than they are reputed to be. It is useless to inquire whether a knowledge of Latin and mathematics is valuable, because pupils do not get it, and it is equally beside the mark to ask whether the effort to obtain this knowledge is valuable discipline, since failure is so widespread that the only habits acquired through failing to learn Latin or algebra are habits of slipshod work, of guessing and of mechanical application of formulas not themselves understood.

Aside from reading, writing, spelling and figuring, the curriculum would be built out of actual activities in science, industry, aesthetics and civics.—By Dr. Abraham Flexner, Assistant Secretary of the General Education Board of New York.

### THE FAMILY ADVISOR

The newspaper is the family advisor. An advertiser who talks through its columns has the prestige of its introduction.

There is a minimum of waste. Every copy reaches one person or more—generally more.

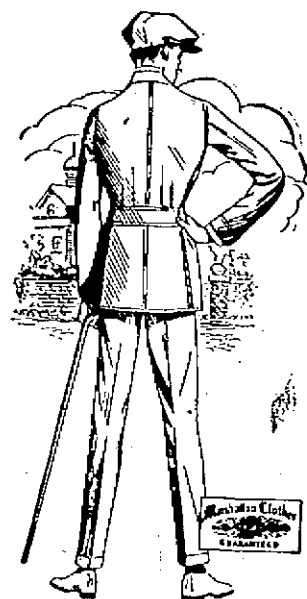

Well timed newspaper advertising moves them to buy.

Results from well timed

and well planned newspaper advertising are almost as sure as anything can be in this world of uncertainties.

If any manufacturer who is interested in newspaper advertising will address the Bureau of Advertising, American Newspaper Publishers Association, World Building, New York, it will be glad to answer questions.

## PEOPLE and THINGS

The Hon. John H. Seal of this city has received some very complimentary letters from some thirty leading Republicans in this district, speaking in the highest terms of his proposed candidacy for Congress. Many prominent Republicans in Manchester admit that that city has "hogged" the office long enough.

It has been suggested that Portsmouth should have a "preparatory camp" of its own, and that some army or navy officer could drill our citizen soldiers at the public playgrounds. This is to be done at Concord. Why not also at Portsmouth?

The oiling of the streets previous to the holiday was fortunate and pleased the citizens. It will insure dustless streets for the crowd that marches. The oiling appears to have been very thoroughly and well done.

Fred E. Wright, manager of the Park Square and Plymouth Theatres, Boston, is perhaps the best judge of what the theatregoers want of any manager in New England, and in his selection of plays he takes the ones that are sure to make long runs, and his methods of advertising are original and result-getting.

"Princess Pat," the big musical show now at the Park Square, could run for months, and will be kept in Boston as long as possible before returning for another run in New York. Mr. Wright has a large New Hampshire acquaintance and has been a frequent visitor to Portsmouth.

The steam whistle of the Rockingham County Light and Power Company connected with the fire alarm, conducted itself with much credit in the fire alarm test. There has never been anything seriously wrong with the power and tone of this whistle. After weeks of tinkering and testing by experts the final official test showed that the whistle was working perfectly.

A fine string of lake trout was received on Friday from Moosehead lake, which had been taken from these waters by Manager Harry W. Priest of the Hotel Wentworth. The string immediately went into the frying pan at Assistant Manager Wingate's headquarters and the working staff there enjoyed a feast.

The announcement of a reduction in the price of coal by local dealers when properly analyzed actually means an increase of 50¢ a ton more than our people paid a year ago at this time. The Manchester Union this morning hands out a rap to the local dealers there who held a meeting and raised the price much in excess of other places. It is claimed that this price is the result of the wholesalers positively fixing the price at which this coal is to be sold. It is claimed that local dealers are receiving no more for their coal than before.

The new plant of the Morley Building Company, will it is said, employ 130 more hands.

## SOMETHING SHOULD BE DONE ON DANIEL ST.

Parade Forms There on Tuesday; Conditions Unbearable.

On Tuesday the Memorial Day parade will form on Daniel street and it is hoped that something will be done to relieve the condition there before that day. It will be an overwhelming disgrace if the companies from the navy yard are obliged to tramp through the dirt of this street. The mayor or the board of public works should see that the street is sprinkled and show that there is some pride left somewhere among the ranks of the city officials. This matter should not be neglected.

CITY OF PORTSMOUTH, N. H.

Auditor's Office.

Scaled proposals are solicited for furnishing City Hall 110 tons, more or less, Egg Coal, well screened and free from slate and stone. The coal may be placed in the bins prior to Sept. 1, at the option of the successful bidder. All bids enclosed in sealed envelopes and plainly marked should be sent to the office of the City Auditor on or before Thursday, June 1, 1916, at 12 o'clock noon. The right is reserved to reject any or all bids.

Per order,  
Committee on Public Buildings and Places.

Scaled proposals are solicited for this year's crop of standing grass on the Almshouse Field, the right being reserved to let the field, or any part thereof, for exercises or other outdoor performances. The grass may be cut or grazed at the option of the successful bidder.

All bids enclosed in sealed envelopes and plainly marked should be sent to the office of the City Auditor on or before Thursday, June 1, 1916, at 12 o'clock noon. The right is reserved to reject any or all bids.

Per order,  
Committee on Public Buildings and Places.

# COURT ADJOURNS UNTIL MONDAY

Two Defendants Receive Verdicts in Case Resulting From Collision.

The jury in the case of Emerson vs. Scavay which went on trial at Exeter Thursday morning, brought in a verdict of \$350 for Charles H. Emerson, for alleged injuries, and \$50 for his father, James H. Emerson, for the loss of his horse.

The allegations were that on the morning of Sept. 2, 1915, Mr. Emerson was struck from behind by an automobile driven by Randolph Scavay of Hampstead, Mr. Emerson being on his way with his team to haul a load of seaweed.

The counsel for the plaintiff was the firm of Eastman, Scammon and Gardner of Exeter and B. T. Bartlett and H. J. Grinnell of Derry for the defendant. The foreman of the jury was Frederick Neal of Newmarket. Court came in Friday morning at 9.30 o'clock, but as nothing was ready it adjourned until 9.30 o'clock Monday morning.

## GUARANTEED CHICKS

It's not the number of chicks you hatch that count but the number that live. Careful mating of my breeding pens, the proper selection of eggs, a thorough knowledge of the art of incubation combined with all modern facilities in hatching have made possible the following:

I guarantee every chick to live and will replace all lost during the "critical period."

# DROWNED IN PAIL OF MILK

Little Tot Looks on and Laughs While Sister Dies.

Bangor, May 25.—Little Margaret Oua Salisbury 13 months old daughter of Mr. and Mrs. George D. Salisbury of Glenbury, wandered into the shed from the kitchen of her home yesterday afternoon and lost her balance while standing near a pail filled with fresh milk. She fell into the pail and drowned in a few moments.

With her at the time was her little twin sister, Dorothy Mona Salisbury, who laughed in childish glee at the sight of her sister in the milk. The child's mother nearly fainted as she saw the plight of her baby, who was soon rescued from the pail but life was extinct.

# KITTERY

W. G. Moulton & Son wish to say to our friends and patrons that we have plenty of fine plants at our houses and shall make several trips around Kittery by the next 2 or 3 weeks; so don't worry. Telephone 429W, York, also cut flowers for Memorial.

Government Street Methodist Church.—William M. Fongrave, minister; Miss J. O. Robinson, deaconess; Miss Irene Gidden, organist—10 a. m., Sunday school will meet in the vestry; this is the last Sunday of the contest; come and please be on time; 11 a. m., morning worship; this will be a Memorial service; the minister's subject will be, "To the Heroes of 1861-1865"; everybody invited; 3.30 p. m., Junior League will meet in the vestry; let all the members be present; 5 p. m., vesper service, the popular Sunday evening service; come with the crowd; minister's subject will be, "Courage and Conviction"; special music; come and enjoy our home-like church and service; 6 p. m., Epworth League, subject, "The Ministry of Good Cheer," leader, Miss Hattie Spence. Do not forget in your holiday festivities the prayer meeting on Tuesday evening at 7.30; we shall expect you to be with us.

Headquarters E. G. Parker Post, G. A. R., Dept. of Maine, Kittery, May 24, 1916.  
Memorial Day Orders.  
General Order No. 2.

1. In accordance with the rules and regulations of the Grand Army of the Republic, and in obedience to Department Orders, May 28th will be observed by the Post as Memorial Sunday, and Tuesday, May 30th, as Memorial Day.

Appointments.  
2. President of the Day—Alexander Dennett.

Marshal—Col. Jethro H. Sweet.  
Aides on Marshal's Staff—J. E. Robbins, Joseph P. Couranger.

Aides for Schools—U. G. Sweet, Charles Hook.

3. Sunday, May 28, the Post will meet at headquarters at 1.15 p. m., in uniform, to attend special Memorial Sunday services at the Free Baptist church at Kittery Point, by invitation of the pastor, Rev. E. W. Cummings.

Sons of Veterans and Spanish War Veterans are most cordially invited to join with the Post. All school children are invited to meet at the hall at 1.15 p. m. Hayes Canton, No. 7, is urgently requested to join the Post.

Memorial Day, May 30.

4. Comrades will assemble at headquarters at 8 a. m., in uniform, dark clothes, white gloves, and canes. At 8.45 Post will form in front of Hotel Piscataqua, right resting near Walker street. As soon as the line is formed, the column will march to Navy Yard gate at end of bridge to be received by a company of sailors and marines with band, who will proceed to Navy Yard cemetery where ritual decoration of graves and other exercises will be performed in honor of the deceased comrades there. Followed by a short address and benediction by Chaplain Scott, U. S. N.

Returning, the line will halt while the school children of the town observe the ceremony of scattering flowers upon the water as a tribute to those comrades who repose beneath its surface. The school children will be formed in four ranks upon the foot-path of the bridge, right resting toward the Kittery shore, waiting the return of the Post from the Navy Yard. On arrival at the bridge the column will pass the children's line until the right of the two are opposite, halt and face to the left. At the command "Salute," both lines will salute in customary manner, after which the children will about face and perform their ritualistic ceremonies.

Then there will be a few remarks and prayer by Rev. I. J. Merry.

The band will play a refrain, and "Taps" will be sounded by the bugler. Supt. Rev. I. J. Merry will have charge of the exercises at the bridge, assisted by U. G. Sweet and Charles Hook.

After these ceremonies are finished, the line will be formed in the following order: U. S. Naval Band, Detachment of Marine Guard, all schools of the town, Sons of Veterans, Canton Hayes, No. 7, I. O. O. F., Post 89, G. A.

R., and other comrades of other organizations who may join. The Sons of Veterans and Boy Scouts are especially requested to assist in decoration of graves at Orchard Grove cemetery. All comrades in town who do not belong to the Post are invited to join with the Post both Sunday and May 30, and all citizens who may wish to join in the observance of the day in response to our invitation, and proceed to Orchard Grove cemetery, with the town officers and civic organizations of the town.

There will be conveyances furnished by Quartermaster I. H. M. Pray for the comrades. There will be seats in charge of the officer of the day, at the monument grounds, for the special use of the comrades.

The Post and civic organizations will be commanded by S. V. C. W. M. Smith.

# THOUGHT WIFE BETTER FOR SOME OTHER MAN

Former Famley Counsel Testifies in Carpenter Divorce that Was Major Carpenter's Opinion of His Wife

Concord, N. H., May 26.—That Mrs. Ralph C. Carpenter would make a good wife for some other man but not for him was the attitude a year ago of the husband, who is now seeking a divorce here, according to George H. Dickson, a Boston attorney, once family solicitor for the Carpenters, who took the stand for the defence today.

Prior to Mr. Dickson's appearance, Walter S. Warren, manager of the Seaside Hotel, Magnolia, testified that Mrs. Carpenter took remarkably good care of her son, and that he saw nothing improper in her conduct at any time.

Mr. Warren said: "I made rounds every night between 9 and 11 o'clock and if any guest had been guilty of adultery he would have been asked to leave immediately. Paul Black, the watchman who helped Mr. Carpenter get his evidence, gave satisfaction up to the time he began his activities for Mr. Carpenter. Black gave Carpenter's detectives permission to spy on the guests at Gables cottage. If I had been requested to give such permission I would have refused it. I did not know about it until it was all over. Black then confessed to me what he had done."

Mr. Dickson testified that Ralph Carpenter came to him and said: "I wish I had as much influence over my wife as you have."

"I replied," continued Mr. Dickson, "it is not a question of influence. If you will treat her like a human being instead of a dog, you will get along all right."

The witness said that he had many talks with George A. Carpenter, the father, and Mrs. Carpenter, in 1912 and 1913.

"Why did you talk with George A. Carpenter instead of with the husband?" inquired Walter I. Badger, counsel for the husband.

"George Carpenter always sought the interviews," answered the witness. "The father and son assure me," Mr. Dickson went on, "that the Jones cottage in Wolfboro was ready two days before Mrs. Carpenter and little Ralph went there in 1911."

This was the time that Mrs. Carpenter refused to enter the cottage and called Mr. Dickson from a drugstore in Wolfboro. The witness said he rebuked the father-in-law in the following language:

"You blackguard, you told the girl the Jones cottage was ready for her and when you got her up there you threatened her with arrest by the judge of probate. You know as well as I do that the judge of probate has no jurisdiction over her. It is a rotten, low-down thing for you to do."

The witness testified that Carpenter told him that he (Dickson) was being

fooled by Mrs. Carpenter and added: "She is a liar and a faker."

Atty. Dickson said he went to Wolfboro in 1914 to see if he could restore pleasant relations between Ralph, Jr., and his grandfather. At that time witness declared the grandmother said Mrs. Carpenter was crazy to act so, and utterly incompetent to care for the boy. The grandfather stated, said the witness, that Mrs. Carpenter had poisoned the boy's mind against him and it was breaking his heart. The old man declared it was unpleasant to have the boy about and suggested having him taken back to Boston by his mother.

"George A. Carpenter suggested," said the witness, "giving Mrs. Ralph \$10,000 a year, but later withdrew the offer. When questioned more about it, he exclaimed: 'Hell's bells, don't tell her about it; she would jump at it like a trout for a fly!'"

## CRYING FOR HELP

Lots of It in Portsmouth But Daily Growing Less.

The kidneys often cry for help. Not another organ in the whole body more delicately constructed; Not one more important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble.

It is often the kidney's cry for help. Heed it.

L. S. Patch, grocer, 332 Pleasant St., Portsmouth, says: "A few years ago I had quite serious trouble with my kidneys. I tired very easily and my back felt weak. Being on my feet so continually made the trouble worse. Dean's Kidney Pills gave me relief. I believe that they are an excellent medicine for such troubles."

## JUST A QUESTION OF VERACITY

Rear-Admiral Bradley A. Fiske.

Secretary of the Navy.

C. S. Thompson, chairman of the executive committee of the American Defence Society, has sent a letter to President Wilson concerning Rear-Admiral Bradley A. Fiske and the Secretary of the Navy. These are the opening paragraphs:

"The American Defence Society desires to call your attention to an unfortunate situation. As the result of a request from the United States Senate, the Secretary of the Navy has

recently made public a letter written on November 9, 1914, by Rear-Admiral Bradley A. Fiske, who was then aid for operations.

"The Secretary of the Navy has stated that his aid for operations filed this letter with the chief clerk of the Navy Department and did not show it to the Secretary. Admiral Fiske stated that he handed the letter to the Secretary of the Navy as the latter was standing at his desk in the Navy Department, and he read it carefully."

## NAVAL OFFICER ELECTROCUTED

Lieut. Richards of Destroyer Fanning Killed by Live Wires.

Sag Harbor, L. I., May 27.—Lieut. Clarence Alvin Richards, commander of the United States destroyer Fanning was instantly killed by an electric shock in the station of the Sag Harbor Light and Power Company here on Friday. Harry D. Christian, night watchman at the station, said it appeared to him that the lieutenant deliberately committed suicide by taking hold of two wires heavily charged with electricity.

The Fanning was one of the fleet of war vessels which has been manoeuvring in Gardiner's Bay and which made its headquarters here. Many of the men from the fleet were ashore last night, but most of them returned to their vessels, which were under orders to leave for Newport at 3 a. m.

Christian said that Lieut. Richards came to the power station two hours before the fleet was to sail and said he was a government inspector. He pushed Christian aside and walking into the station picked up two wires, receiving the shock which killed him. The Fanning sailed for Newport with the other vessels. Lieut. Richards was appointed to the navy from Kansas and was 24 years old.

## BRANDEIS WILL BE CONFIRMED BY THE SENATE

Washington, May 26.—Speedy confirmation of Louis D. Brandeis as a member of the supreme court was all but secured today at a meeting of the Republican members of the Senate Judiciary committee. A decision was reached that if the Democrats will allow the opposition to Brandeis to make public its reasons on the floor in open session they will not develop it into a protracted fight or a filibuster.

Negotiations with Democrats for an agreement on this basis began at once. The avowed reason for the Republican's conduct is that now it seems certain Brandeis will be confirmed, the less criticism directed at him the better for the reputation of the supreme court. It also is possible under this method, other members pointed out, that a roll call may be avoided. It is well known that a number of senators are eager to avoid being placed on record. Democratic leaders said they were sure they would reach some agreement with the Republicans.

**WANT AD. CHANGED CAREER**

Herbert S. Houston president of the Associated Advertising Clubs of the World, which will hold their great convention in Philadelphia June 25 to 30, is a thorough believer in newspaper "want" ads, for if it had not been for a little "want" ad he might not be presiding at this great business convention this summer.

He was working in the editorial department of a Chicago newspaper. His hours were long, and his pay envelope was about as flat as a match, as was the nature of editorial department pay envelopes in those times. The little advertisement that so greatly influenced his career announced that a certain building powder company wanted an advertising manager. Young Houston applied. He did not know much about advertising in those days, but he was bright, resourceful and self confident, and he obtained the position.

The excellent training of newspaper offices, which has been the foundation of so many successful careers in various lines, stood him in good stead, and he rose rapidly, now being vice president of Doubleday, Page & Co., the publishing house.

**JAPAN AND GERMANY ALIKE**

The rulers of Japan believe in the righteousness of conquest exactly as do the rulers of Germany. ## TOO OLD TO SERVE

Aged Easton, Pa., Veteran  
Seeks a Substitute.

New York, May 27.—Himself too old to join the colors, and firm in the belief that his beloved country is threatened with real danger, an aged but wealthy fruit grower of Easton, Pa., who served as a private of marines under Farragut during the Civil war, is today tottering along the streets of New York in quest of a substitute to whom he is willing to pay a large bounty to take his place in the ranks of the present day marine corps.

The white haired old warrior, who refused to divulge his name, stated it is his belief that every patriotic man of means, too old to serve himself, should find a substitute.

"I'll get a man to serve in my place if I have to pay him a thousand dollars," he told Capt. Frank B. Evans, in charge of the local marine corps recruiting station. "Uncle Sam needs able-bodied men these days—not to march in parades but to fight. I think every patriotic citizen should aid in getting men to enlist. I served actively in the long war, but now I must do the next best thing and find a man to join the ranks in my stead."

The Easton veteran refused the aid of regular marine corps recruiters in his quest for a substitute, and expressed the desire to "do it alone on his own account."

CITY MUST BORROW  
THIRTY THOUSAND

Council Fails to Pass Any Resolution for Money  
Needed to Pay off \$146,000 Bond Due on  
July First

At a special meeting of the City Council called by the mayor for consideration of the loan of \$30,000 to make up the deficit necessary in paying off the twenty year bonded indebtedness of \$146,000 due on July 1, 1916, the council adjourned to June 8 at 8.00 o'clock without taking any action. While admitting that the bond must be taken care of in some manner and that some action must be carried out without any lengthy delay, the members of the council, or those present at the meeting, concluded that more time was needed before they were ready to act. The bond must be paid and as the city is to pay \$10,000 to take care of the bond, and a loan of the needed \$10,000 would take every penny from the city treasury and sinking fund; the city treasurer and the members of the sinking fund commission are of the opinion that the city will be better protected financially by borrowing \$30,000, which will leave \$11,000 in the treasury for use between July 1 and the time the tax receipts are realized.

Mayor Ladd explained that he had arranged to take care of the \$30,000 loan by issuing serial notes of \$5,000 denomination which will allow the paying of this \$30,000 loan in six years and at the same time clear the city of its bonded indebtedness of \$146,000 which has been standing since 1896. While the council were willing to admit that the loan was an absolute necessity it appeared that the members present were not satisfied with the proposed action unless reported by the finance committee. After considerable discussion it was decided—without formal action—that the matter should rest over until the meeting on June 8.

The bond was contracted in 1896 for \$146,000 under the administration of Mayor William C. Jenkins. There is at present \$100,000 in the sinking fund

ANNUAL INSPECTION

Grand Chief Margaret C. Lyon of Lancaster Guest of Pythian Sisters.

Friday evening the annual inspection of Crystal Temple, Pythian Sisters, was held and a large number of members and visitors were present. Grand Chief Margaret C. Lyon of Lancaster, and District Deputy Grand Chief Emma E. E. Twombly of Scarborough, were the inspecting officers.

Other Grand and Past Grand officers present were Past Grand Chief Mary L. Wiggin of Dover, Past Grand Chief Augusta M. Locke of Rochester, and Grand Mistress of Records and Correspondence Grace T. Forsythe, a member of this Temple.

The degree work was finely exemplified on two candidates by the degree staff and they received much praise for their work. The Grand Chief has honored this Temple by asking them to exemplify the degree work at the next grand session to be held in Manchester in October.

At the close of the business meeting pleasing remarks were made by Grand and Past Grand officers and others and a lunch was served by the supper committee, Helen V. Hoyt, chairman.

to pay this bond, leaving a deficit of \$10,000. In the hands of the city treasurer is the sum of \$20,000 and this, added to the money in the sinking fund will leave \$10,000 to be raised. If the city borrowed the needed \$10,000 every cent in the city treasury and the sinking fund would be expended and the city would not be able to realize any money until after the taxes for 1916 are due, late in the fall. The mayor's reasons for asking immediate action on the matter of the loan was to give ample time to ask for the necessary bids.

Councilmen Smart and Matthews offered objections to immediate action, demanding that it be laid over until the next meeting of the council and to allow the finance committee time to look into the matter of taking care of the loan after it is made. Councilman Hett stated that in his opinion immediate action was necessary and that there appeared no good reason for delay as all admitted the city must borrow the sum before July 1.

The meeting was called to order at 8.00 o'clock with Councilmen Matthews, Hett, Peterson, Sullivan and Smart present. Councilman Smart offered a resolution authorizing the committee on City Lands and Buildings to ask for bids on the standing grass on the Alms' House field and to make contracts for the disposal of the same. On motion of Councilman Matthews this resolution was adopted.

Councilman Smart presented a resolution authorizing the committee on public lands and buildings to ask for bids on 110 tons of egg coal for city hall and to make the necessary contracts. On motion of Councilman Matthews this resolution was adopted.

On motion of Councilman Smart it was voted that at adjournment the council adjourn to June 8 at 8.00 o'clock. On motion of Councilman Hett the meeting adjourned.
